TWIN FALLS PARKS & RECREATION COMMISSION

February 10, 2015

11:30am

STAFF REPORT

1. Approve minutes of the January 13, 2015 meeting – Commission

The Commission needs to approve or amend the proposed set of minutes

2. Parks & Recreation Staff Report - Staff

Enclosed are the Parks & Recreation Staff Reports

3. YMCA Annual Pool Report – John Pauley, YMCA’s Aquatic Director

As part of the City’s and YMCA’s agreement, the YMCA prepares an annual report of revenue, expenditures, and attendance records to the City.

No action is needed, this is only a presentation. Attached is the report from the YMCA from September 1, 2013 to October 1, 2014.

4. Update on Parks & Recreation Master Plan – Staff

The 3rd meeting for the Steering Committee will be held on Thursday March 5th at 6pm at the City Council Chambers. JUB will be working with the Steering Committee as well as City staff on making sure that the Master Plan is a working document with the community needs addressed. The plan should be completed in May or June.

At the January meeting, the community survey was reviewed by the Steering Committee with recommendations and suggestions to make the survey better and easier to take. Some questions were removed, questions were added, and some questions were modified. Attached is the draft survey that will be out to the public in the next week or two. The survey will be available to take it on-line or you could by a hard-copy.

Also attached are the minutes from the January Steering Committee’s meeting.

5. Parks Dedication Ordinance Review – Staff & Commission

After the approval of the Morning Sun # 8 subdivision Parks in Lieu of request, the Council directed staff to review the ordinance that pertains to the dedication of park land.

Here's some background on the ordinance. It was originally passed on April 11, 2005. The official title of the ordinance is "Parks and Storm Water Retention/Detention" under section 10-12-3-11 in the City Code. Two modifications to the ordinance have occurred since that time.

Originally the cash contributions had to be used within the boundaries of the arterial streets in which the development occurs. The first modification allows the director to propose to expend the funds within a mile of the development if the needs are identified. If the director determines that no reasonable use exists within the geographical area, the director shall, with the approval of the Parks & Recreation Commission, propose to the City Council to expend those funds anywhere within the City. This modification was passed in 2008.

The second modification allows certain developments to have their in lieu of contribution to be reduced by 50% if they meet all five requirements. They are:

1. The number of household units must be eight (8) or less per acre, as identified on the preliminary plat.
2. Development shall be located within city limits.
3. Development shall not border an arterial street.
4. Development shall not border the city limits.
5. Development must not have been converted from agricultural land.

This modification was passed in 2012.

I have attached the current parks ordinance and the application the developer fills out if they request an in lieu of.

The City Council directed staff to review the section of the ordinance on the current dedication of park land (.01 acres per household unit) and if the value of \$31,700 per acre for the cost of development a neighborhood park is still valid. Also staff would like to discuss with the Commission on the retention/detention section. This review might take 2-4 months.

Any recommendations from the Commission will be forward to the Planning and Zoning Commission for their consideration before being forward to the City Council.

MINUTES

Chairman Kevin Dane called meeting to order at 11:36 am.

Item #1 Approve minutes of December 16, 2014 meeting – Commission
Tennille Adams motioned to accept the meeting minutes as written and Ryan Horsley seconded the motion. Motion passed with a unanimous vote.

The Benefits are Endless...

Item #2 Parks & Recreation Staff Report – Staff

Stacy reviewed the Recreation Staff report with the Commission. Boys' basketball registration is full and it starts January 17th. Adult basketball started on January 5th, we reformatted the leagues classifications from lower and upper to East and West. Adult volleyball is going smoothly. The Cabin Fever day was a success. We partnered with Activate Magic Valley. There was a roundup after the event to see what went well and what didn't and overall it was a success. We are doing that again last year. The ski programs with Pomerelle and Magic Mountain is a success also. Magic Mountain is getting more involvement. Registration is being taken for youth wrestling and spring soccer. Stacy is gathering information for the Spring/Summer Activity Guide.

Dennis commented that we have four women's basketball teams not three as there was a late registration. Dennis went on to cover the Parks staff report. Winter maintenance is still in effect with the snow we have had. The department works on shoveling snow for the City facilities and some of the parks. We do not do every single park in town but try to get areas where kids walk to school. The Parks department is finishing up the pruning. Last week interviews were done for the new position in the department. We were able to justify new positioned based on the ratio that Dennis came with. About every twenty manicured acres we have we have one full time employee and for every sixteen manicured acres we have one seasonal employee. We have added about 23 manicured acres since the last time we added an employee. We are going to bring this person on the first of February.

Item #3 Update on Parks & Recreation Master Plan – Staff

The 2nd meeting for the Steering Committee was held on Thursday January 8th at 6pm at the City Council Chambers. JUB will be working with the Steering Committee as well as City staff on making sure that the Master Plan is a working document with the community needs addressed. Our timeline for the Master Plan will be pushed back some due to the late start with the Steering Committee, should have the plan completed in May or June of next year.

This meeting's agenda is to review the goals and objectives that were discussed at the December meeting and review the draft survey and discussion concerning the survey. The survey should be released in late January or early February.

Staff has put together an inventory and conditions assessment for each park, trail and open space owned by the City. The assessment applies to each individual amenity or piece of equipment within each park.

The next meeting is in March 5, 2015 here in the Council Chambers and anyone is invited to attend.

Tennille asked after the results are in, will the discussions on the Recreation District proceed with talks on the Recreation Center? Dennis indicated that one of the questions in the survey is about a Recreation Center and a Recreation District.

Item #4 Parks In Lieu of Request – Staff

The Morning Sun # 8 subdivision is a proposed 91 household units on 30.47 acres. The subdivision is located at the southwest corner of Falls Avenue East and Hankins Road North, just south and west of the Boy Scouts office. Attached are the Parks In Lieu Contribution application and a map showing the location of the proposed subdivision.

One section of the in lieu of application, allows the developer to reduce their in lieu amount by using a formula to determine the cost of the trail and the cost of the land underneath the trail. Also the developer is requesting to use the value of the in lieu of amount for improvements to the existing Morning Sun Park (which is directly south of the subdivision), those improvements to the park has to be approved by City staff before proceeding with the improvement. Potential improvements could be a shelter or a restroom at Morning Sun Park.

Staff supports the developer's request for a Parks In Lieu of contribution and their request to use that value of the In Lieu of contribution for improvement at the park that have to be approved by City staff.

Ryan Horsley motioned to approve the In Lieu of request. Tennille Adams seconded the motion. Chairman Dane called for a roll call vote. All voted in favor of the request and motion passed. Dennis will take the request to City Council.

Item #5 Commission Members Terms – Staff & Commission

Three member's terms expires at the end of March. Kevin Dane and Ryan Horsley will have served their full two three year terms on the Commission and are not eligible to be renewed. Tom Reynolds' 1st three year term expires, but he is eligible to be renewed for another three years. All re-appointments and appointments must be made by the Mayor. Staff will begin advertising for the openings very soon. Dennis let Tom know that if he is interested in continuing on the Commission he will need to send an email to Dennis.

Item #6 Other Items from Commission

First Federal Bank has given the City a gift to fund an all-inclusive park and water splash park. This park will be located at the Sunway Soccer Field on the northeast side of the park. The park will take two possibly three soccer fields however we will be acquiring another five acres from the school district to replace the fields. The additional five acres will be to the south of the park. The playground will be 13,000 square feet and will have the synthetic turf. The splash park will be approximately 3,000 square feet in size. Both features are scheduled to be done by the middle of May. There will be sidewalks from the parking lot to the playground that will be ADA compliant.

Tennille said she has been hearing a lot of good feedback on this park.

Tony Brand asked if there was a way that we could post signs reminding people regarding the leash law and the pick up of your dog waste. Dennis said that we could look into that.

Joey asked if we are still allowing or authorize people to use Harmon Park as a temporary dog park. We are not utilizing any of the parks as a temporary dog park as we now have Baxter's Park.

There was discussion on the possibility of getting people ticketed or given a warning for the first offense of having dogs off leash. Dennis indicated that he would talk to Animal Control and ask them to keep an eye out for unleashed dogs in our parks.

Liyah asked if we could put something out to the public in regards to park etiquette.

Tennille commented on adding information on Baxters Park at the bottom of the code signs.

Dennis indicated that Morgan Construction was awarded the contract for the replacement of the stairs down at Dierkes Lake. There was a deadline given of June 1, 2015. We are replacing all the stairs and adding two additional set of stairs and a ramp. Dennis also indicated that there has been discussion of having sidewalks from the parking lot to the lake and that there has also been discussion on an ADA dock for people to fish off.

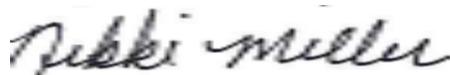

Paul Melni that is working on the underwater park has indicated that the parts of the plane and helicopter that was going to be put down is no longer available and that buying a skeleton of an airplane is very expensive. He is working with The Twin Falls Community Foundation to get donations.

Dennis also reported he turned in his official retirement papers and his last day will be June 26, 2015.

Liyah asked if he had any items or projects that he would like to see the Commission continue to work on and if so could he put it in writing for them. Dennis indicated that one of the projects was the completion of the Canyon Rim Trails and perhaps a Recreation Center. He said he would put something together for the Commission

Meeting adjourned at 12:20 pm. Next meeting will be Tuesday, February 10th, 2015 at 11:30 am at the City Council Chambers, 305 3rd Ave E.

RECREATION STAFF REPORT
February 2015
Brandy Mason, Recreation Coordinator

Winter Basketball: Regular season play will conclude on February 21st for grades K-3rd. The 4th-6th grades will have their season ending tournament on Saturday February 28th. The season has gone by very smoothly and we have had minimal issues with coaches or parents at the gyms this season.

Adult Basketball: The season is at the halfway point and we have not had any player suspensions this year, or any major issues. The season will end on March 13th with tournaments starting on the 16th and ending the week of April 6th.

Spring Soccer: Registration for spring soccer started Monday, February 2nd, practices will start the week of March 30th and games will begin on Saturday April 11th.

Youth Wrestling: Canyon Ridge will offer its program on Monday and Wednesday nights from 5:30pm-6:30pm and Twin Falls High School will be on Tuesday and Thursdays at 5:30pm-6:30pm for K-2nd grade and 6:30pm-7:30pm for 3rd-6th grade. This year the program will offer 4 Saturday wrestling meets which will be in Filer, Kimberly, Jerome and Twin Falls. This program will continue to serve as a great "feeder" program for the wrestling programs at these High Schools.

Adult Volleyball: Once again adult volleyball has wrapped up its season with no complaints or issues. Tournaments will wrap up for the upper women's league on February 9th. Women's middle/lower will end on February 24th. The Coed Upper and Middle/Lower Tournaments will finish on March 5th.

Recreation Report
February 2015
Stacy McClintock, Recreation Supervisor

Shotokan Karate has been a huge success. Jesse Clark is a very valuable asset, and has worked hard to grow this program.

Currently staff is working with Lytle Signs for new signs at City Park, Cascade Park and Drury Park.

Staff is also currently working on a long term plan for the Parks and Recreation Department in correlation with the City of Twin Falls Strategic Plan.

Parks Department Report
Parks Coordinators
Kevin Skelton & Todd Andersen

The past month the Parks Department has been working on the following projects and regular maintenance:

- Winter maintenance on our fleet of vehicles and equipment is underway
- Fall/Winter pruning of City Park and Harmon Park is near completion
- Provisions for First Federal Bank's park donations are under way.
- Preliminary work on the Capital Improvement project to get a storage building built is being done.

Y/City Pool Financial Explanations & Visit/Program Comparison

Financial Explanations

- The \$4 daily admission fee for adults was used for determining the value of a YMCA Member visit for 2013-2014. This value was used in last year's financials as well.
- Administrative costs & professional salaries are the percentage of each staff member's salary that was applied towards the pool. They are 85% for the Aquatics Director, 15% for the CEO, 33% for the Bookkeeper, 33% for the Membership Coordinator, 33% for the Marketing Director and 33% for the Front Desk Supervisor.
- Health Insurance and Retirement were calculated for the above staff and the Aquatics Director (85%) based off of the same percentages.

TWIN FALLS PARKS & RECREATION MASTER PLAN STEERING COMMITTEE MEETING

Agenda | January 8, 2015

Cindy: We need to keep goals in mind as we look at the instruments we are using for this master plan.

Review of Goals and Objectives:

- Roadmap for the future
- Feedback from community/buy-in
- Identify deficiencies and surplus
- Identify projects and funding
- GIS-based inventory
- Rout (bike) connectivity and education
- Evaluate user fees
- Tourism
- Connectivity and Safety
- Safe walking paths – new schools – identify barriers
- Rock Creek Parkway connection
- Promote Snake River Canyon
- Indoor recreation facility
- Recreation district support
- Public education
- Identify partnerships

Greg: Originally, we had hoped to introduce some of the inventory findings at this meeting, but we haven't looked at it as much as we would have liked to. Next time we meet, we will go through that. We may also be able to talk about the preliminary results of the survey.

Dennis: Do you know when the survey will go out?

Greg: In the next couple of weeks.

Greg: We thought it would be helpful to have the steering committee take the survey tonight so that we can get real-time feedback.

SURVEY FEEDBACK

Maps

- City areas need to cover more area.
- NSEW identification (outside the city).
- Parks Map: Fix green areas, identify major trails and add Canyon Springs grade, Rock Creek and Centennial – note that they are county owned, not city parks

Overall Survey Feedback

- Need a privacy notice
- Tough to rank 1-9
- Ranking is the hardest part
- Long lists are intimidating
- Long, thorough, needs some introduction copy
- Needs other section at end
- Needs “other” at the end of long lists
- Household income and education questions (at end with demographic)
- Change “city park” to “park facilities and trails” or “parks/trails”

Question by Question

1. Need to identify “outside city.” If you select that, need a question that tells you why people are coming to the city from the outside.
2. “Residential” Address
3. Add 45-54
4. Highlight or underline “number” (drop down numbers for online)
5. Might move demographic questions to the end
6. Change “city park” to “park facilities and trails”
7. Add popular trails (“See attached map”)
- 8.
9. remove
10. remove
- 11.
12. Add trails, remove numbers before options – select all that apply
13. Combine 13 and 14
14. Make sure 14 covers 13, change “City park” to parks/trails
15. Keep 15
16. Remove
17. Remove
18. Need “I don’t know” or “Not sure” to community column; “other” option needs to be added; ice rink; multi-purpose area, “indoor” recreation center; trees/shading, 14 (39 and 40)

19. Change "City park" to parks/trails
20. Keep question, "City park" to parks/trails
21. Remove
22. Remove
23. Keep (Centennial and Rock Creek are considered parks outside of the city)
24. Keep (Switch 24 and 25)
25. Keep – consider check boxes for Centennial and Rock Creek
26. Remove "street trees" on 16, remove "With regard....by the City,"
- 27.
28. ADD list of PROGRAMS
29. Remove
30. Add more details
31. Remove RAMP option, remove Capital Improvement Funds option, add bond, add levy, remove impact fees, change privately owned to public/private partnership
32. Check all that apply, spell out acronym, walking/running
33. Remove 33
34. Add "you"
35. Add pet-friendly

OTHER

- Move trails questions above funding
- Look at the order of question 26
- Add public education question (how do you learn about programs?)

Next meeting: March 5

10-12-3-11: PARKS AND STORMWATER RETENTION/DETENTION:

No residential plat shall be approved unless it includes provision for parks and stormwater retention/detention. Developers may combine land designated for stormwater retention/detention with the requirement of parks in compliance with the city's standard design drawings.

- (A) **Park Defined:** A "park" is a parcel of land dedicated to the public maintained for the primary purposes of recreation and open space. A "minipark" is a park that is a minimum of fifteen thousand (15,000) square feet and will be accepted only in combination with stormwater facilities. A "neighborhood park" is a park that includes at least three (3) acres of flat open space.

- (B) **Contribution:** The developer of each residential subdivision, or any part thereof, without regard to the number of phases within the subdivision, shall set aside or acquire land within, adjacent to, or in the general vicinity of the subdivision for neighborhood parks. Neighborhood parks shall be located so as to serve the largest number of household lots as is practical without crossing an arterial street. The number of acres of land set aside for neighborhood parks shall be a minimum of the sum of the number of household units in the subdivision multiplied by 0.01. The city council may approve up to fifty percent (50%) of this land contribution for development of walking/bicycle trails.

- (C) **Improvements:** Development of miniparks and neighborhood parks shall include curb, gutter, finish grading, sidewalks, irrigation systems and ground cover, complying with city standards.

- (D) **Facilities Outside Of Parks:** Stormwater facilities outside of neighborhood parks or miniparks shall be incorporated into a residential lot or lots within the subdivision. Subsurface retention/detention facilities shall be located within a maintenance easement and in a manner that allows easy access with minimum disturbance to adjacent property.

- (E) **Dedication And Maintenance:** All park land shall be dedicated to the city upon completion of all required improvements, and accepted and maintained by the city after it is determined that all standards have been met. (Ord. 2822, 4-11-2005)

- (F) **In Lieu Contributions For Neighborhood Parks:** The city council may, at their discretion, approve and accept cash contributions in lieu of park land with improvements, which contributions shall be used for park land acquisition and/or park improvements within the boundaries of the arterial streets in which the development is located. In the event that

no such facilities or needs are so located, the director may propose a budgeted expenditure to apply the funds to needs identified at any such facility existing within one mile of the boundaries of the project from which the funds originated. If the director determines that no reasonable use exists within the extended geographical area, the director shall, with the approval of the parks and recreation commission, propose to the city council a specific application for the funds which need not be limited geographically, and may include such use as future land acquisition. The fee structure for cash contributions for acquisition of park land shall be the appraised value of the required land area at the time of the application. The appraisal shall be submitted by a mutually agreed upon appraiser and paid for by the applicant. The fee structure for park improvements, including all costs of acquisition, construction and all related costs, shall be based upon the estimated costs of an approved improvement provided by a qualified contractor and/or vendor. (Ord. 2954, 11-3-2008)

(G) In Lieu Contribution Reduction: If the city council approves cash payment in lieu of dedication of park land and upon the residential plat/development meeting all five (5) criteria, the development shall qualify for a fifty percent (50%) reduction on their cash contribution in lieu of dedication of park land. The five (5) criteria are:

1. The number of household units must be eight (8) or less per acre, as identified on the preliminary plat.
2. Development shall be located within city limits.
3. Development shall not border an arterial street.
4. Development shall not border the city limits.
5. Development must not have been converted from agricultural land. (Ord. 3034, 7-16-2012)

As per Twin Falls City Code Title 10; Chapter 12; Section 3.11 ...” No residential plat shall be approved unless it includes provision for parks and stormwater retention/detention. “... The city council may, at their discretion, approve and accept cash contributions in lieu of developed park land with improvements. “

The following items shall be included with this Parks in Lieu Contribution application. It is the responsibility of the developer to see that all required information is provided to the city at the time of submittal of the Parks in Lieu Contribution application. An incomplete application will not be accepted by the City Administrator.

The City of Twin Falls allows two (2) different types of requests for Parks In Lieu cash contributions, as per TF City Code 10-12-3.11. Please mark an X by the type of request you are going to use; #1 or #2:

1. _____ I am requesting approval of a Parks In Lieu contribution without walking/bicycle trails, using the following Contribution Formula:

- (a) Determine the per acre appraised value of the Land in the development. See 10-12-3-11 (F). Appraisal value of the Land: (L) _____
- (b) The current Park Development cost is \$31,700 per acre. (PD) \$31,700
- (c) Total the number of Household units in the development. (H) _____

1-The proposed Cash Contribution using #1: (L+PD)(H)(.01) (CC) \$ _____

Note: Lots large enough for duplex or larger multi-family units shall be identified as intended for development as single household dwelling units on the preliminary plat otherwise the maximum density will be used to determine number of household units/single family dwellings for the purpose of this application.

The City of Twin Falls allows for a 50% reduction in the cash contribution, as per 10-12-3.11(G), subject to meeting ALL FIVE (5) CRITERIA:

- 1. The number of household units must be eight (8) or less per acre, as identified on the preliminary plat.
- 2. Development shall be located within city limits.
- 3. Development shall not border an arterial street.
- 4. Development shall not border the city limits.
- 5. Development must not have been converted from agricultural land. (Ord. 3034, 7-16-2012)

If development qualifies for the 50% reduction, divide Cash Contribution (CC) amount by two (2). _____

2. _____ I am requesting approval of a Parks In Lieu mixed contribution consisting of cash and developed walking/bicycle trails, using the following Contribution Formula:

(a) Determine the per acre appraised value of the Land in the development.
See 10-12-3-11 (F). Appraisal value of the Land: (L) _____

(b) The current Park Development cost is \$31,700 per acre. (PD) \$31,700

(c) Total the number of Household units in the development. (H) _____

Note: Lots large enough for duplex or larger multi-family units shall be identified as intended for development as single household dwelling units on the preliminary plat otherwise the maximum density will be used to determine number of household units/single family dwellings for the purpose of this application.

(d) Developed Trail Cost:
i. Cost of land underneath the trail (per square foot): (A) _____
ii. Cost to develop the trail (per square foot): (B) _____

Developed Trail Cost =(A + B) (total trail cost per square foot): (TC) _____

(e) Land Portion = (L)(H)(0.01) – (TC) (LP) _____
Note: Land portion cannot be less than 50% of (L)(H)(.01).

(f) Park Improvement Portion = (31,700)(H)(.01): (PIP) _____

(g) Land Portion + Park Improvement portion (LP + PIP)= _____

2-The proposed Cash Contribution using #2: (CC) \$ _____

Note: Lots large enough for duplex or larger multi-family units shall be identified as intended for development as single household dwelling units on the preliminary plat otherwise the maximum density will be used to determine number of household units/single family dwellings for the purpose of this application.

Parks In Lieu contribution must be made prior to final plat recordation.

PRIOR TO SUBMITTAL OF THIS APPLICATION HAVE YOU:
