

TWIN FALLS CITY FAIR

WITH THE HELP OF MANY COMES ONE CITY

The Twin Falls City Historic Commission is embarking on design guidelines for the Twin Falls Downtown Historic District and Twin Falls City Park Historic District. Before we get started, we would invite you to share your ideas, comments, and questions with us and our consultant Sherry McKibben of McKibben + Cooper Architects. McKibben + Cooper Architects has written design guidelines for downtowns and private development and has a specialty, and love, for historic districts. The Historic Commission particularly likes the approach taken in Boise City's Commercial Historic District Guidelines.
