

**NOTICE OF AGENDA**  
**TWIN FALLS CITY PLANNING & ZONING COMMISSION**  
**January 26, 2016**  
City Council Chambers  
305 3<sup>rd</sup> Avenue East Twin Falls, ID 83301

**PLANNING & ZONING COMMISSION MEMBERS**

**CITY LIMITS:**

**Vacancy** **Vacancy** Tom Frank Kevin Grey Gerardo "Tato" Muñoz Christopher Reid Jolinda Tatum  
Chairman Vice-Chairman

**AREA OF IMPACT:**

Ryan Higley Steve Woods

**City Council Liaison**

**I. CALL MEETING TO ORDER:**

1. Confirmation of quorum
2. Introduction of staff

**II. CONSENT CALENDAR:**

1. Approval of Minutes from the following meeting(s): **01-06-16 WS, 01-12-16 PH**
2. Approval of Findings of Fact and Conclusions of Law:
  - James Ray Construction/JVR (SUP 01-12-16) • The Tint Lady (SUP 01-12-16)
  - Petruzzelli (SUP 01-12-16) • Eastpark Professional Subd No. 2 (Pre-plat 01-12-16)

**III. ITEMS OF CONSIDERATION: None**

**IV. PUBLIC HEARINGS:**

1. Request for a **Special Use Permit** to establish and operate a used automobile sales lot located at 607 Blue Lakes Boulevard North c/o Kenneth Kuntz (app. 2764)
2. Request for the Commission's recommendation on a **Zoning Title Amendment** to add "Theater - Outdoor" in the Old Town Zoning District 10-4-13.2(B)6 as allowed by Special Use Permit and to modify Title 10-2-1 the definition of Theater, Outdoor Drive-in. c/o Mark Gallegos (app. 2765)
3. Request for a **Non-conforming Building Expansion Permit** to add 280 sf +/- to a legal non-conforming building located on the south side of the 1600-1700 Blocks of Elizabeth Boulevard East aka Harmon Park c/o City of Twin Falls Parks & Recreation Department (app. 2766) **WITHDRAWN**

**V. GENERAL PUBLIC INPUT:**

**VI. ITEMS FROM THE ZONING DEVELOPMENT MANAGER AND/OR THE PLANNING & ZONING COMMISSION:**

**VII. UPCOMING PUBLIC MEETINGS:** (held at the City Council Chamber unless otherwise posted)

1. Work Session-**February 3, 2016**
2. Public Hearing-**February 9, 2016**

**VIII. ADJOURN MEETING:**

Si desea esta información en español, llame Leila Sanchez al (208) 735-7287

Any person(s) needing special accommodations to participate in the above noticed meeting should contact Lisa A. Strickland at (208) 735-7267 at least two (2) working days before the meeting.

**CITY OF TWIN FALLS**  
**PLANNING & ZONING COMMISSION**  
**Public Hearing Procedures for Zoning Requests**

1. Prior to opening the public meeting, the Chairman shall review the public hearing procedures, confirm a quorum is present and introduce staff present.
2. Individuals wishing to testify or speak before the Commission shall wait to be recognized by the Chairman, approach the microphone/podium, state their name and address, then commence with their comments. Following their statements, they shall write their name and address on the Sign-In record sheet(s) located on a separate table near the entrance of the chambers. The administrative assistant shall make an audio recording of each public meeting.
3. **The Applicant, or the spokesperson for the Applicant, shall make a presentation** on the application/request. No changes to the request may be made by the applicant after the publication of the Notice of Public Hearing – WHICH IS A MINIMUM OF 15 DAYS PRIOR TO PUBLIC HEARING. **The applicant's presentation should include the following:**
  - **A complete explanation and description of the request.**
  - **Why the request is being made.**
  - **Location of the Property.**
  - **Impacts on the surrounding properties and efforts to mitigate those impacts.**The Applicant is limited to 15 minutes, unless a written request for additional time is received and granted by the Chairman prior to commencement of the public meeting.
4. Upon completion of the applicant's presentation City Staff will present a staff report which shall summarize the application/request, history of the property, if any, staff analysis of the request and any recommendations.
  - **The Commission may ask questions of staff or the applicant pertaining to the request at this time.**
5. The public will then be given the opportunity to provide public testimony/input/comments regarding the request.
  - **The Chairman may limit public testimony to no more than two (2) minutes per person.**
  - **Five (5) or more individuals, having received personal public notice of the application under consideration, may select a spokesperson by written petition. The spokesperson shall be limited to 15 minutes.**
  - **No written comments, including e-mail, received after 12:00 o'clock noon on the date of the hearing will be accepted for consideration by the hearing body. Written comments, including e-mail, received by 12:00 o'clock noon or before the date of the hearing shall be either read into the record or displayed on the overhead projector either during or upon the completion of public comment.**
  - **Following the Public Testimony, the applicant is permitted a maximum five (5) minutes rebuttal to respond to Public Testimony.**
6. Following the Public Testimony and Applicant's response, the Public Input portion of the public hearing shall be closed-**No further public testimony is permitted.** Commission Members, as recognized by the Chairman, shall be allowed to request clarification of any public testimony received of the Applicant, Staff or any person who has testified. The Chairman may again establish time limits.
7. The Chairman shall then close the Public Hearing. The Commission shall deliberate on the request. Deliberations and decisions shall be based upon the information and testimony provided during the Public Hearing. **Once the Public Hearing is closed, additional testimony from the staff, applicant or public is not allowed.** Legal or procedural questions may be directed to the City Attorney.

**\*\***

**Any person not conforming to the above rules may be prohibited from speaking. Persons refusing to comply with such prohibitions may be asked to leave the hearing and thereafter removed from the room by order of the Chairman.**

**MINUTES**  
**PUBLIC MEETING/WORK SESSION**

**CITY STAFF:** Carraway-Johnson, Humble, Spendlove, Strickland, Weeks

**I. CALL MEETING TO ORDER:**

Chairman Frank called the meeting to order at 12:00 P.M. He then reviewed the public meeting procedures with the audience, confirmed there was a quorum present and introduced City Staff.

**II. ITEMS OF CONSIDERATION:**

1. A **Preliminary Presentation** for a request to amend the Quail Ridge Estates Planned Unit Development Agreement #249 located on the west side of 3400 East Road & South of the Snake River Canyon within the City's Area of Impact c/o Jeff Rolig on behalf of Cornerstone Industries, LLC (app. 2761)

**Applicant Presentation:**

Jeff Rolig, Attorney, representing the applicant stated he is here today to review what this request is about. He stated that this process has been a very long process and has involved a land swap, amending a final plat, building a trail and now amending a PUD Agreement to incorporate all of the changes and conditions of the agreement. He reviewed the changes that needed to take place in order for the PUD amendment to be requested. As part of the review he stated that one other item the applicant would like to add to the PUD Agreement involves the ability for the property owners in the Quail Ridge Subdivision to have an "accessory dwelling unit". The definition designed for this amendment states; --- An Accessory Dwelling Unit ("ADU") shall be allowed in conjunction with the primary residence on any Lot that is at least one acre or more in size. An ADU shall be no more than 1500 sq. ft. in size and may include one bedroom, a bathroom, kitchen, living area and storage/closet space and one designated parking space. An ADU may be used for purposes of housing a caretaker, temporary guests, or the Lot owner's extended family members; and shall not be used for commercial or income producing purposes. ---- After the presentation he asked for the Commission

**Planning & Zoning Commission Work Session Minutes**

**January 6, 2016**

to consider this request and that he will present this information at the next Planning & Zoning meeting.

**Staff Review:**

Zoning & Development Manager Carraway-Johnson explained code requires that the applicant make a preliminary presentation to the Commission and to the public. The presentation allows the Commission and the Public to become familiar with the proposed amendment to the project prior to the actual public hearing. The Commission can give feedback to the applicant on the request, but no action is taken at this time. Staff will make a presentation and review the request at the public hearing scheduled for the January 12, 2016 Planning & Zoning Commission Meeting.

**Public Comment:**

Evan Roth, Sawtooth Law Office, asked when the public hearing is scheduled and if that would be the time for presenting concerns.

Chairman Frank explained that the comments can be made at this meeting or at the public hearing. The public hearing is scheduled January 12, 2016 at 6:00pm in the Council Chambers.

Mr. Roth stated that he will make comments at the public hearing.

**Discussion Followed:**

The Commission agreed that this land swap would better serve the Community and provide a better canyon rim trail connection than the previous plan. However there was still some uncertainty about the accessory dwelling unit addition to the PUD. Concerns were raised about the definition, the size allowance or restriction and enforcement.

**III. DISCUSSION ITEMS FROM THE COMMUNITY DEVELOPMENT STAFF AND/OR THE PLANNING & ZONING COMMISSION:**

1. Review proposed code amendment items.

Planner I Spendlove explained that the next item for discussion is accessory dwelling unit. He asked the Commission to consider for the next meeting criteria, impacts and ideas for allowing accessory dwelling units.

Deputy City Manager Humble explained that this is not an allowed use at this time. The city accepts federal money and during the last audit one of the questions on the audit was do we allow for accessory dwelling units the answer can either be yes/no. He stated that because our answer was no the city was docked points on the audit. The accessory dwelling unit is a way to allow for affordable housing. He recommended that the Commission take a look at this use.

**Planning & Zoning Commission Work Session Minutes  
January 6, 2016**

2. Upcoming P&Z Agenda.

Zoning & Development Manager Carraway-Johnson explained the preliminary presentation for the PUD Amendment is scheduled for public hearing on January 12, 2016 and she is very interested in this request because it is the first time this type of use has been requested. The recommendation will go from Planning & Zoning to City Council and then to the Board of County Commissioners for a final decision.

**IV. GENERAL PUBLIC INPUT:**

None

**V. UPCOMING PUBLIC MEETINGS:** (held at the City Council Chambers unless otherwise posted):

1. Public Hearing – **Tuesday, January 12, 2016**

**VI. ADJOURN MEETING:**

Chairman Frank adjourned the meeting at 1:30pm.

**I. CALL MEETING TO ORDER:**

Chairman Frank called the meeting to order at 6:00 P.M. He then reviewed the public meeting procedures with the audience, confirmed there was a quorum present and introduced City Staff.

**II. CONSENT CALENDAR:**

1. Approval of Minutes from the following meeting(s): **December 8, 2015 PH**
2. Approval of Findings of Fact and Conclusions of Law:
  - Morning Sun Subd. No. 9 (pre-plat)
  - U-Haul (SUP 12-08-15)
  - The Typewriter Exchange, LLC (SUP 12-08-15)
  - Warner (SUP 12-08-15)

**Motion:**

Commissioner Grey made a motion to approve the consent calendar as presented. Commissioner Woods seconded the motion.

**Unanimously Approved**

**III. ITEMS OF CONSIDERATION:**

1. Consideration of a preliminary plat for the **Sunway Subdivision No. 2** approximately 53.38 +/- acres consisting of 2 lots on property located on the east side of Sunway Drive North, West of Creekside Way (extended) and south of North College Road West (extended) c/o EHM Engineers, Inc.

**WITHDRAWN TO BE RESCHEDULED**

2. Consideration of a **preliminary plat** for the Eastpark Professional Subdivision No. 2, **A PUD**, 3.34 +/- acres consisting of 6 lots on property located on the south side of Bridgeview Boulevard and east side of Locust Street North c/o EHM Engineers, Inc.

**Planning & Zoning Commission Minutes  
January 12, 2016**

**Applicant:**

Gerald Martens, EHM Engineers, Inc. representing the applicant stated the intent of this request is to subdivide approximately 3.4 acres into 6 lots to develop a professional office complex. Their plan is to construct 6 office buildings with the use being primarily medical. The lot on the corner is proposed for an ophthalmology specific surgery center. He stated this use is appropriate and will comply with the PUD requirements that are applicable to the project, such as building heights, setbacks, building orientation and architectural style. All of the interior development will be private drives with no additional public streets. There will be improvements to the existing public streets on the south and west side providing turn lanes as required by the City.

**PZ Question/Comments:**

- Commissioner Woods stated the he wanted to clarify what items from the PUD Agreement would apply to this project.
- Mr. Martens explained that there are only two or three paragraphs that would apply to this project such as, building size, height and orientation of the building to minimize the impact on the adjacent residential neighborhood.

**Staff Review:**

Planner I Spendlove reviewed the request on the overhead and stated this property is part of the Eastpark PUD #213, which went through the Public Hearing process in 1998. This PUD assigned the Zoning Districts and placed limitations on the uses allowed on the property. He stated there are only a few requirements in the PUD that will apply to the portion of the plat the applicant representative was discussing. The plat is what is being considered this evening and it has to meet code for size, access and public improvements. The preliminary plat meets City Code requirements for approval. He also stated that in October 2015, the applicant went before the City Council to request waiving the required improvements for portions of the Interstate Amusement Conveyance Plat. This waiver was granted for the portions of the Conveyance Plat not being developed by Mr. Welch and his Associates. The result is this land may move forward through the Platting and development process without triggering the development of the remaining portions of land contained in the original Conveyance Plat.

This is the first step of the plat approval process. A preliminary plat is presented to the Planning and Zoning Commission. The Commission may approve the preliminary plat, deny it, or approve it with conditions. A final plat, that is in conformance with the approved preliminary plat and including any conditions the Commission may have required, is then presented to the City Council. Only after a final plat has been approved by the City Council and construction plans approved, may the plat be recorded and lots sold for development.

Planner I Spendlove stated upon conclusion this request is in conformance with the Comprehensive Plan and the requirements found in Twin Falls City Code. Staff recommends the Commission approve the

**Planning & Zoning Commission Minutes  
January 12, 2016**

preliminary plat of the Eastpark Professional Subdivision #2; as presented, and subject to the following conditions:

1. Subject to final technical review and amendments as required by Building, Engineering, Fire, and Zoning officials to ensure compliance with all applicable City Code requirements and standards.

**PZ Question/Comments:**

- Commissioner Grey asked to be shown on the aerial map where the construction of the professional complex will be.
- Mr. Martens explained it would be located on the southwest corner of Bridgeview Boulevard and Locust Street North. The first building for this site is planned to be a surgery center. That particular piece of the property allows a building of up to 10,000 sq. ft. the rest of the lots are limited to 6,000 sq. ft. They will be professional office buildings.
- Commissioner Grey asked what is left to be done along Cheney Drive and when it would happen.
- Assistant City Engineer Vitek explained the lane along Cheney Drive will be completed when the eastern portion of the plat gets developed.

**Public Input:** [Open & Closed Without Input](#)

**Deliberations:** [Without Concerns](#)

**Motion:**

Commissioner Tatum made a motion to approve the request, as presented, with staff recommendations. Commissioner Woods seconded the motion. All members present voted in favor of the motion.

**[Approved, As Presented, With The Following Conditions](#)**

1. Subject to final technical review and amendments as required by Building, Engineering, Fire, and Zoning officials to ensure compliance with all applicable City Code requirements and standards.

**IV. PUBLIC HEARINGS:**

1. Request for a [Special Use Permit](#) to operate an automobile service business on property located at 127 Filer Avenue, Suite B. c/o BDG Partners, LLC on behalf of The Tint Lady (app. 2759)

**Applicant Presentation:**

Gerald Martens, BDG Partners, representing the applicant stated this project involves the very first RB zoning. EHM, Engineers, Inc. lab occupies a portion of this building and the applicant is a possible tenant for one of the remaining spaces available in the building. This will be their base of operation and will be done inside in a sanitary environment so that the window tinting can be done correctly. There will be a maximum of 3 employees operating 5 days a week from 7am to 5pm. There will be some cars in the parking area waiting for tinting or waiting to be picked up. It should be a quiet operation and should have limited impacts to the surrounding properties

**PZ Questions/Comments:**

**Planning & Zoning Commission Minutes**

**January 12, 2016**

Commissioner Woods asked for clarification as to which suite this business would be operating from. Mr. Martens explained which portion of the building is occupied and which unit this business would lease on the overhead.

**Staff Review:**

Planner I Spendlove reviewed the request on the overhead and stated in 2014, a portion of this property was rezoned from R-4 to RB after progressing through the Public Hearing Process. The western part of this property had been previously zoned C-1 for a number of years and remains C-1.

In 2014-2015, the owner constructed a new shell building that meets the development criteria for the RB Zoning Code. The western half of the building is zoned C-1 and the eastern half is zoned RB.

The property is located at 127 Filer Ave, Suite B. This property is bisected by the RB and the C-1 Zoning Districts. It is important to note the suite proposed for this business has the west half zoned C-1 and the east half zoned RB with the tinting operation taking place within the C-1 Zoning District and the office operations taking place in the RB Zoning District.

The applicant is requesting to operate an automobile service business. The applicant has supplied a narrative detailing the operation of the business. The business will perform window tinting on vehicles inside the building. The applicant states all work will take place during normal business hours and vehicles waiting overnight will be stored inside.

**Per City Code 10-4-8- C-1 Zone:**

Automobile Service businesses require a Special Use Permit prior to being legally established on property zoned C-1. An automobile service business is not allowed in the RB zone at all. Although certain automobile service businesses are less intrusive and less impactful on surrounding properties, City Code does not make a distinction between these types.

**Per City Code 10-4-23:**

Office activities are a permitted use within the RB Zoning District. The RB District does not allow Automobile Service Business activities within its boundaries. However, since the activities of the Automobile Service Business will be taking place on the portion of the property Zoned C-1 it seemed appropriate to allow the applicant to go through the process of applying for a Special Use Permit.

**Per City Codes 10-10 and 10-11-1 thru 8:**

Required improvements such as parking, screening, landscaping and others are typically enforced at the time of building permit submittal. This is an existing shell building, it is anticipated that the required improvements were provided at the time of original construction of the site. It is also not anticipated the change of "Use" will trigger additional required improvements.

The commission may wish to review the current site plan and require any additional items it deems appropriate to mitigate potential negative impacts this business may incur to the area.

**Planning & Zoning Commission Minutes**

**January 12, 2016**

This type of business will have some traffic and noise impacts. These will be associated with the coming and going of customers, deliveries of supplies, and the maneuvering of vehicles on the property. The applicant has described all operations taking place indoor which will eliminate much of the possible noise associated with work on vehicles.

The noise from traffic will increase simply because there had not been any businesses located on this property previously. However, this location is designated on the future land use map as Residential Business, and this is in close proximity to Washington St North which is one of the larger arterial roadways in the city.

Planner I Spendlove stated upon conclusion should the Commission approve the request, as presented, staff recommends approval be subject to the following conditions:

1. Subject to the site plan amendments as required by Building, Engineering, Fire, and Zoning Officials to ensure compliance with applicable City Code Requirements and Standards.
2. Subject to the Special Use Permit being issued to "The Tint Lady" with business operations being conducted as depicted through this public hearing process. Any change in ownership or operations will require a new special use permit.
3. Subject to no outside storage of vehicles or materials associated with this business.

**PZ Questions/Comments:**

- Commissioner Grey asked about the landscaping of the site and the trash container.
- Mr. Martens explained that the gate for the trash enclosure was installed today, as for the landscaping it is sparse.

**Public Hearing: Opened**

- Chairman Frank read into the record a citizen letter that has been filed in the application packet.
- Douglas Shanfelt, 181 Filer Avenue, stated he has no objection to the special use permit if it is restricted to tinting only and to this applicant. He has issues with the building not looking residential and access along Adams Street.
- Leila Mason, 160 Filer Avenue, stated that she has no issues with tinting window but she wants to make sure that this doesn't expand to stereo installations creating additional noise.

**Public Hearing: Closed**

**Closing Statement:**

- Mr. Martens explained that the building has improved the area and this Special Use Permit will be issued only to this applicant for only this use.
- Commissioner Woods asked for clarification on the access along Adams.
- Mr. Martens explained that he is not clear on what the confusion is for the access, but in all of the previous presentation for this project it was always depicted on the plans. It is a service access off of Adams Street, it is not an access to the parking lot it is solely for access by the tenants to the back of the building. The parking lot does not exit onto Adams Street and he is willing to meet with the citizen that has raised concerns tonight.

**Planning & Zoning Commission Minutes  
January 12, 2016**

**Deliberations:** **Without Concerns**

**Motion:**

Commissioner Grey made a motion to approve the request, as presented, with staff recommendations. Commissioner Higley seconded the motion. All members present voted in favor of the motion.

**Approved, As Presented, With The Following Conditions**

1. Subject to the site plan amendments as required by Building, Engineering, Fire, and Zoning Officials to ensure compliance with applicable City Code Requirements and Standards.
  2. Subject to the Special Use Permit being issued to "The Tint Lady" with business operations being conducted as depicted through this public hearing process. Any change in ownership or operations will require a new special use permit.
  3. Subject to no outside storage of vehicles or materials associated with this business.
2. Request for a **Special Use Permit** to construct a 1360 sq. ft. detached accessory building on property located at 2428 Blick Lane. c/o James Ray Construction/JVR Investments (app. 2760)

**Applicant Presentation:**

James Ray, representing the applicant, stated that this property is approximately ½ acre in size and because the accessory building is larger than 1000 sq. ft. it requires a Special Use Permit. The applicant will use the building to store an RV and to do some work on his personal cars.

**Staff Review:**

Planner I Spendlove reviewed the request on the overhead and stated this lot was created with the Settler Ridge Subdivision #2 in 2006. A single family dwelling is currently under construction. The Applicant has supplied plans showing a proposed 1360 sf detached accessory building. The applicant described the building for private RV storage and non-commercial activity.

**Per City Code 10-4-2:**

Detached accessory buildings within the R-2 Zone greater than 1000 sf are required to obtain a Special Use Permit prior to being legally constructed. The proposed plan is showing the shop in the North West corner of the property. Within this existing neighborhood this size is not uncommon.

**Per City Code 10-11-1 thru 8:**

Required improvements include streets, water and sewer, drainage and storm water. These required improvements will be evaluated and all applicable code requirements will be enforced at the time of building permit submittal.

Accessory structures of similar size are common in this area. The design submitted is consistent with the existing house and the developed neighborhood. Staff feels these types of buildings being constructed within 3 feet of the property line can be imposing on neighboring property owners. However, no residence has been constructed on the property to the west as of this date.

**Planning & Zoning Commission Minutes  
January 12, 2016**

Planner I Spendlove stated upon conclusion should the Commission approve the request, as presented; staff recommends approval be subject to the following conditions:

1. Subject to the site plan amendments as required by Building, Engineering, Fire, and Zoning Officials to ensure compliance with applicable City Code Requirements and Standards.
2. Subject to construction of the detached accessory building to be consistent with the submitted drawings/elevations, as presented.
3. Subject to no business use or residential occupancy use within this structure.

**PZ Questions/Comments:**

Commissioner Woods asked for clarification on the setbacks.

Planner I Spendlove explained on the overhead the location of the setbacks for the home and stated that setbacks for detached accessory buildings is 3 ft. from the property line.

**Public Hearing: Opened & Closed Without Input**

**Deliberations:**

Commissioner Woods stated his only concern is the 3 ft. setback it does not provide much room for emergency personnel to maneuver between buildings. Coming from California he has seen Fireman struggle with their equipment and try to maneuver between buildings this close to the property line and it can present a challenge.

**Motion:**

Commissioner Grey made a motion to approve the request, as presented, with staff recommendations. Commissioner Woods seconded the motion. All members present voted in favor of the motion.

**Approved, As Presented, With The Following Conditions**

1. Subject to the site plan amendments as required by Building, Engineering, Fire, and Zoning Officials to ensure compliance with applicable City Code Requirements and Standards.
  2. Subject to construction of the detached accessory building to be consistent with the submitted drawings/elevations, as presented.
  3. Subject to no business use or residential occupancy use within this structure.
3. Request for the Commission's recommendation for a **PUD Amendment** to the Quail Ridge Estates Planned Unit Development Agreement #249 located on the west side of 3400 East Road & South of the Snake River Canyon within the City's Area of Impact. c/o Jeff Rolig on behalf of Cornerstone Industries, LLC (app. 2761)

Jeff Rolig, representing the applicant, stated he is here to request a recommendation of approval on a PUD Amendment for Quail Ridge Estate PUD #249. He explained the development of the subdivision, the parks-in-lieu agreements, and the land trade agreements that have taken place in order for the amendment to be brought forth to finish the process. He explained that the main purpose of the land trade was to allow the public to have a pathway that would allow them access down into the canyon. In order to provide this type of access it was brought to the City's attention that a land swap could possibly be a means of achieving that goal. The City and the property owner have been intently working on this issue for quite some time and they have finally gotten to the point where the process can be completed

for amending the PUD to meet the conditions of the land swap. He explained that there is one other items that has been added to the amendment and it deals with allowing accessory dwelling units on the lots within the Quail Ridge Estate with some conditions outlined in the definition provided in the amendment that states --- An Accessory Dwelling Unit (“ADU”) shall be allowed in conjunction with the primary residence on any Lot that is at least one acre or more in size. An ADU shall be no more than 1500 sq. ft. in size and may include one bedroom, a bathroom, kitchen, living area and storage/closet space and one designated parking space. An ADU may be used for purposes of housing a caretaker, temporary guests, or the Lot owner’s extended family members; and shall not be used for commercial or income producing purposes. ----. He also explained that they would like to alter limit the size of the ADU to 1000 sq. ft. This allowance is an attempt to offer something that has not been allowed before but they feel would be a good change. He asked that the Commission consider recommending approval of this request and stated he was willing to answer any questions.

**Staff Review:**

Planner I Spendlove reviewed the request on the overhead and stated from 2006 thru 2008 multiple public hearings were held for the Preliminary and Final Plats, and a Planned Unit Development Agreement. This is a request for an Amendment to the previously approved Quail Ridge Estates Planned Unit Development Agreement (PUD #249), on property described above. The majority of changes to the PUD are being conducted to satisfy conditions on the original PUD, and criteria agreed to in the Land Swap Agreement, approved in 2010. These changes are located in Covenant 5-B-a of the PUD, and shown in attachment #4.

The nature of PUD’s allow the applicant to request variations from underlying code sections for properties listed within the boundaries of the development. For this reason, the applicant is asking for an additional amendment not tied to resolving previous criteria or conditions. The applicant is requesting to add language in the “Uses” located in Covenant 2-B, and shown in Attachment #4.

The first part of the amendment involves changes to Covenant 5-B-a as were required as part of the land trade. The impacts of those changes have been discussed at length during previous proceedings conducted by the City. It is part of an agreement the City has previously obligated itself to abide by. For this purpose it will not be analyzed for possible impacts.

The second part of the proposed amendment is to allow “Accessory Dwelling Units” (ADU’s) which may have the potential to change the nature of the residential development in the area. Because this is a PUD the applicant can ask for differences from the underlying zoning code. This property is zoned SUI and the SUI zone does not allow for two dwellings on a single lot, and they are asking to add Accessory Dwelling Units to the PUD to allow for a second residential structure on a single lot.

As the amendment is written, Accessory Dwelling Units (ADU’s) of a certain size would be allowed within this subdivision. This has the potential to increase the density of the area by two-fold. The subdivision currently has 41 lots. Under the current zoning entitlements, this equates to 41 single family homes, or 41 dwelling units. Under the proposed change, this development has the potential to increase the density to 82 single family dwelling units. It could be assumed not every lot would exercise the right to have an ADU.

**Planning & Zoning Commission Minutes  
January 12, 2016**

The issue of Accessory Dwelling Units (ADU's) is a topic that has come up many times over the recent years. The current zoning code allows for 1 residential dwelling per lot or parcel. This is a trend that we have witnessed in other jurisdictions, as well as some properties within Twin Falls that either were in place prior to the current zoning code, which states **each** residential dwelling shall be on a separate lot or parcel, or just buildings are modified without city approval, i.e.; detached garages converted into a dwelling unit. The City has just begun a discussion of or exploring the possibilities or impacts an ADU may have on our infrastructure systems or development –density patterns.

If this request to allow ADU's within the Quail Ridge Estates Subdivision is granted this particular case could be used as a test site to monitor how this could impact our Zoning Codes and how this change could affect existing or future developed areas.

Planner I Spendlove stated upon conclusion should the Commission recommend approval of this proposed Amendment to the Quail Ridge Estates PUD Agreement #264, as presented, staff recommends approval be subject to the following conditions:

1. Subject to site plan amendments as required by Building, Engineering, Fire, and Zoning Officials to ensure compliance with applicable City Code Requirements and Standards and the Quail Ridge PUD #249 as amended.

**PZ Questions/Comments:**

- Commissioner Grey asked about access to the trail heads and if there are any obstructions.
- Planner I Spendlove explained there are no gates that will block the public from accessing the trails.
- Commissioner Higley asked if the commission could make a motion related to the land swap and another motion related to the accessory dwelling unit.
- Planner I Spendlove explained that would be acceptable if the Commission chooses to do so.
- Commissioner Higley asked if the homeowners are required to make a vote on a PUD Agreement Amendment prior to the hearing.
- City Attorney Wonderlich stated the amendment doesn't require a vote from the homeowners however there would have been notification sent to the property owners regarding this hearing so they could attend the meeting.
- Commissioner Higley stated he doesn't feel comfortable with the definition. If the person wanted to build an ADU that is 1001 sq. ft. would that be allowed through an SUP or not allowed at all.
- Planner I Spendlove explained if the verbiage stated 1000 sq. ft. the person would be limited to 1000 sq. ft.
- Commissioner Higley asked if the neighborhood association wanted to change the PUD again would that involve this process again.
- Planner I Spendlove explained that the neighborhood would have to make a request to amend the PUD and follow this same process with public hearings.
- Commissioner Woods asked if there are complaints an issues with allowing the ADU in this neighborhood can the City amend the PUD Agreement.
- Planner I Spendlove explained that this can be changed by the neighbors through this process, the City cannot resend this use.
- City Attorney Wonderlich explained if this didn't work out and the neighbors didn't like the ADU's in the neighborhood they would have to come through and ask for an amendment the City would not initiate such a change. He also explained that this looks harmless on the surface however in other

**Planning & Zoning Commission Minutes**

**January 12, 2016**

area like a more conventional subdivision it does create problems because people like to turn these into rental units. As for a test case this is where it should work better than most places, but it still uncertain.

- Commissioner Higley explained that some of these lots are only 1 acre.
- Commissioner Woods clarified that this change would only be applicable to this subdivision.

**Public Hearing: [Opened](#)**

- Danielle Hazen, 4076 Quail Ridge Drive, she explained that when they purchased their lot to build their home it was not disclosed that a public parking lot would be located along the outside of their neighborhood. She would like to know about the size and maintenance of the parking area. She stated they are aware there is public access to the trail to get down into the canyon, but her concern is the increased public traffic. Her second concern is regarding the ADU she was not aware of that change either. She explained this is a very high end subdivision and she doesn't think that allowing accessory dwelling units would be an added value to the subdivision. There would be people renting out the units, outside parking and currently the CCR's for the neighborhood require vehicles to be parked in an enclosed space. This would become an eyesore to the subdivision, and she understands that the CCR's and HOA are not protected by the City and she thinks this change would just add more issues.
- Zoning & Development Manager Carraway-Johnson encouraged Mrs. Hazen to come in and visit with staff regarding the trail and land swap agreement and the accessory dwelling unit proposed amendment.

**Public Hearing: [Closed](#)**

**Closing Statement:**

- Mr. Rolig addressed the public parking area and stated that it will consist of 5 spaces. The area where the parking spaces are going to be located is next to a common area of the subdivision. It is in the Highway District Right-of-way. The idea was that a recreation area down in the canyon be accessible by the public, and people needed parking space.
- Commissioner Grey asked about the CCR's requirement that vehicles be parked on a garage, and the ADU definition just states that a parking space will be provided.
- Mr. Rolig stated that this amendment may not correspond with the CCR's and so they would trump anything that the amendment allows.
- Chairman Frank explained that the amendment would trump the CCR's.
- City Attorney Wonderlich explained if the amendment allows the use and the CCR's do not the neighborhood would be able to pursue this civilly.
- Chairman Frank stated that the City would not be able to enforce the CCR's the neighborhood would be responsible for enforcement.

**Deliberations Followed:**

- Commissioner Higley explained ADU's are a concept that he is in support of but he is not sure that all of the issues have been considered with this amendment.
- Commissioner Grey stated he doesn't feel comfortable with allowing ADU's into the neighborhood when the CCR's don't seem to correspond with the change.
- Commissioner Higley stated that he is not sure that this amendment to allow ADU's was clearly explained in the meeting notice.
- Commissioner Grey asked if the ADU's are allowed now as a use.

**Planning & Zoning Commission Minutes**

**January 12, 2016**

- Planner I Spendlove explained an accessory dwelling unit is not allowed currently.
- Commissioner Higley stated he thinks that this request for ADU's is premature and to make this change through a PUD Agreement it creates a mess and there will be amendment after amendment.
- Commissioner Frank stated that this is not perfect and it only applies to this subdivision. He does have fears about this however it is up to the CCR's to enforce the guidelines. It is an entity unto itself.
- Commissioner Grey asked if the neighbors review a request for an Accessory Dwelling Unit and they say to the property owner the parking has to be within a garage and we ok the verbiage as it is written are we inviting angry phone calls to the City.
- Planner I Spendlove stated if a building permit application came through for an Accessory Dwelling Unit in this subdivision with this verbiage in the PUD Agreement that is what he would use to approve the permit. He would tell the property owner that they may have CCR's to consider.
- Commissioner Woods stated the City is look at this as a possible code change in the future and he would feel more comfortable reviewing this as a code change versus just approving something at random.
- Planner I Spendlove explained that the Commission can choose to recommend approval of the request, as presented, recommend denial of the request, as presented or make modifications to the request. This will be a recommendation to the City Council and the City Council will make a recommendation to the Board of County Commissioner who make the final decision.

**Motion:**

Commissioner Higley made a motion to recommend approval of the request, as presented, subject to the additional proposed amendment regarding the accessory building unit language be removed from the request. Commissioner Woods seconded the motion. All members present voted in favor of the motion.

**Recommend For Approval To The City Council With The Following Conditions**

1. Subject to site plan amendments as required by Building, Engineering, Fire, and Zoning Officials to ensure compliance with applicable City Code Requirements and Standards and the Quail Ridge PUD #249 as amended.
2. Subject to the additional proposed amendment allowing the accessory building unit language be removed from the request.
4. Request for a **Special Use Permit** to operate a 24 hour gas station in conjunction with a retail business on property located at 303 Main Avenue East. c/o Susan Petruzzelli (app. 2762)

**Applicant Presentation:**

Suzan Petruzzelli, the applicant state she is here to request a Special Use Permit to operate a gas station/convenience store at 303 Main Avenue East. They have an electrical contracting business here in Twin Falls and now they would like to purchase the property at 303 Main Avenue East to open a gas station. The reason for the request is because it has been over a year that the gas station has operated so a Special Use Permit is required. They plan to open the existing facility and update the fuel pumps. The plan is to create a retro-feel where the customer could have an attendant pump their gas if they like. The new pumps will be able to operate 24 hours with electronic payments. They plan to update the lighting under the canopy so that people feel safe using the pumps at night. The plan is to offer non-ethanol fuel also. In the future they would like to expand the convenience store where the three bay doors are located possibly selling generators. This business would provide approximately 8 new jobs and they would operate Monday-Friday 7am to 7pm with shorter hours on Saturday and Closed on Sundays.

**Planning & Zoning Commission Minutes**

**January 12, 2016**

Impacts to the surrounding properties that might be a concern is dispensing fuel, which with new pumps that concern should be minimal. Another concern could be traffic increase, however with the revitalization plans for the area, which may not be an issue and should be a good thing. As for foot traffic there should be more and they plan to work with the Urban Renewal Agency as the improvements to the downtown area occur to make sure that things get done correctly. They are excited to be involved in the revitalization of the downtown and think this will be a great way to pump some life back into this end of Main Avenue.

**PZ Questions/Comments:**

- Commissioner Higley clarified that the 24 hour operation refers to the pumps being available for use 24 hours.
- Ms. Petruzzelli confirmed that the pumps will be 24 hours but not the service/convenience store.

**Staff Review:**

Planner I Spendlove reviewed the request on the overhead and stated this property is part of the original Twin Falls Townsite. We have no specific Zoning history for this location. However, it is safe to assume it has been Zoned C-B since the 1980's, when that zoning district was first enacted for the majority of Down Town.

This property operated as a gasoline service station for years. This property had been in operation prior to the Zoning Code requiring a Special Use Permit for this use, classifying the business as a "legal non-conforming" use. The operation of gasoline sales discontinued over a year ago. When this occurred, the "legal non-conforming" status of the gasoline sales operation was nullified. In order to restart this land use, a new special use permit is required. The Applicant has supplied a detailed description of the proposed business operations.

**Per City Code 10-11-1 thru 8: Required Site Improvements**

Required improvements include streets, water and sewer, drainage and storm water. These improvements are required during building permit review and approval. In this case, no building permit is required for this business to be established in this building. However, these requirements may also be evaluated with special use permits and installation or changes be conditioned upon approval by the commission.

The engineering department is making a recommendation to remove the approach on Main Ave closest to the intersection. They also recommend relocating the approach on Idaho further from the intersection.

In conjunction with the previous information, Staff deems it appropriate to discuss additional items regarding this property. The Urban Renewal Agency has designated 5 Blocks of Main Avenue for public infrastructure upgrades. The Main Ave Redesign Project will encompass rebuilding the street, curb, gutter, and sidewalk along Main Ave and partially along Idaho.

**Planning & Zoning Commission Minutes**

**January 12, 2016**

It would be wasteful to require the owner to install new vehicle approaches and associated curb, gutter, and sidewalk, to have the URA remove and reinstall the new improvements months later; or have it developed and not be consistent with the URA Main Ave Redesign plan. It is Staff's recommendation to allow the required street improvements to occur simultaneously with the URA project. For this reason, staff recommends placing two conditions on the permit requiring the improvements to be installed concurrently with the URA Main Ave Project Design and place a maximum time limit of 2 years for the improvements to be installed.

The negative impacts associated with this particular business typically involve an increase in traffic and noise. Due to the surrounding area being primarily commercial in nature, staff does not anticipate any unreasonable negative impacts to be created by the operation of this business. A potentially positive impact on the area will be an increase in pedestrian traffic due to the availability of consumer goods in the convenience store.

Planner I Spendlove stated upon conclusion should the Commission approve this request as presented; staff recommends approval be subject to the following conditions:

1. Subject to the site plan amendments as required by Building, Engineering, Fire, and Zoning Officials to ensure compliance with applicable City Code Requirements and Standards.
2. Subject to the Westerly approach on Main Street being removed, per City Engineering standards, prior to commencing business operations.
3. Subject to an agreement between the URA and the applicant for the design and construction schedule of the curb, gutter, and sidewalk adjacent to this property being signed by both parties and provided to staff by June 1, 2016.
4. Subject to all parking and maneuvering areas being hard-surfaced, per City Engineering standards, no later than January 12, 2017; OR per the timeline outlined in the agreement with the URA, whichever is first.
5. Subject to the permanent curb, gutter, and sidewalk improvements for the entire site being installed, inspected and approved as per City Engineering Standards, by January 12, 2017; OR per the timeline outlined in the agreement with the URA, whichever comes first.

**PZ Questions/Comments:**

Commissioner Frank asked about storm water retention.

Assistant City Engineer Vitek stated he believes that it is all hard surfaced however there is an area that is gravel if they want to use it, they will have to hard surface that area which will need to take into account a change in the storm water run-off. If they don't plan to use the area that is gravel they will have to physically barricade the area so that it doesn't get used.

Ms. Petruzzelli confirmed there is a gravel area on the property.

Commissioner Woods asked if there was room for a tanker to get in to fill the tanks with fuel.

Ms. Petruzzelli confirmed her architect showed her that the tanker does have room to maneuver.

Commissioner Grey asked about possible landscape requirements.

**Planning & Zoning Commission Minutes  
January 12, 2016**

Planner I Spendlove stated that the landscaping is tied to onsite parking requirements. This property is located in a P-1 parking overlay that does not require onsite parking therefore landscaping would not be a required improvement.

Ms. Petruzzelli explained that she will make this property attractive and landscaping is part of her plans.

**Public Hearing: Opened**

Eric Watte, 782 Hollyann Ct, and owner of the motel across the street from this property, stated he is in support of this request.

**Public Hearing: Closed**

**Closing Statement:**

Ms. Petruzzelli stated that she appreciates the help staff provided throughout this process. This has been a learning experience and they are excited to become a part of the downtown revitalization.

**Deliberations Followed: Without Concerns**

**Motion:**

Commissioner Grey made a motion to approve the request, as presented. Commissioner Tatum seconded the motion. All members present voted in favor of the motion.

**Approved, As Presented, With The Following Conditions**

1. Subject to the site plan amendments as required by Building, Engineering, Fire, and Zoning Officials to ensure compliance with applicable City Code Requirements and Standards.
2. Subject to the Westerly approach on Main Street being removed, per City Engineering standards, prior to commencing business operations.
3. Subject to an agreement between the URA and the applicant for the design and construction schedule of the curb, gutter, and sidewalk adjacent to this property being signed by both parties and provided to staff by June 1, 2016.
4. Subject to all parking and maneuvering areas being hard-surfaced, per City Engineering standards, no later than January 12, 2017; OR per the timeline outlined in the agreement with the URA, whichever is first.
5. Subject to the permanent curb, gutter, and sidewalk improvements for the entire site being installed, inspected and approved as per City Engineering Standards, by January 12, 2017; OR per the timeline outlined in the agreement with the URA, whichever comes first.

**V. GENERAL PUBLIC INPUT: None**

**VI. ITEMS FROM THE ZONING DEVELOPMENT MANAGER AND/OR THE PLANNING & ZONING COMMISSION: None**

**VII. UPCOMING PUBLIC MEETINGS: (held at the City Council Chamber unless otherwise posted)**

1. Public Hearing- **January 26, 2016**
2. Public Meeting – Work Session – **February 3, 2016**

**Planning & Zoning Commission Minutes

DRAFT

# BEFORE THE PLANNING & ZONING COMMISSION OF THE CITY OF TWIN FALLS

In Re: )  
 )  
Preliminary Plat Application, ) FINDINGS OF FACT,  
 )  
Eastpark Professional Subd. No. 2 ) CONCLUSIONS OF LAW,  
c/o EHM Engineers, Inc. )  
 Applicant(s) ) AND DECISION

This matter having come before the Planning and Zoning Commission of the City of Twin Falls, Idaho at the **January 12, 2016** hearing for consideration of the preliminary plat of **Eastpark Professional Subdivision No. 2**, approximately **3.34 (+/-)** acres, to develop **6** lots located **on the south side of Bridgeview Boulevard and the east side of Locust Street North**, and the Planning and Zoning Commission having heard testimony from interested parties being fully advised in the matter, now makes the following

### FINDINGS OF FACT

1. Applicant has requested approval of the preliminary plat of **Eastpark Professional Subdivision No. 2**, approximately **3.34 (+/-)** acres, to develop **6** lots located **on the south side of Bridgeview Boulevard and the east side of Locust Street North**
2. The property in question is zoned **R-2 PRO PUD** pursuant to the Zoning Ordinance of the City of Twin Falls. The property is designated as **Urban Village/Urban Infill** in the duly adopted Comprehensive Plan of the City of Twin Falls.
3. The existing neighboring land uses in the immediate area of this property are: to the north, **Commercial Retail Business**; to the south, **Residential Single Family**; to the east, **Platted Undeveloped**; to the west, **Locust Street North/Undeveloped**

4. The City Engineering Office has reviewed the preliminary plat and has approved the proposed street accesses and public utility extensions, subject to availability of such services at the time of development. The developer will pay all costs of public improvements, including but not limited to streets, curb, gutter and sidewalks, sewer, water and pressurized irrigation systems. The proposed development includes dedication of additional right-of-way in compliance with the Master Street Plan.

5. Any detrimental effects on the neighborhood would be ameliorated by observance of the conditions, which are attached as "Exhibit No. A", and incorporated by reference as though fully set forth herein.

Based on the foregoing Findings of Fact and the regulations and standards set forth below, the Planning and Zoning Commission hereby makes the following

CONCLUSIONS OF LAW

1. The preliminary plat of the **Eastpark Professional Subdivision No. 2**, approximately **3.34 (+/-)** acres, to develop **6** lots located **on the south side of Bridgeview Boulevard and the east side of Locust Street North** is in conformance with the objectives of the zoning ordinance and the policy for developments in Twin Falls City Code §10-1-4. Specifically, the land can be used safely for building purposes without danger to health or peril from fire, flood or other menace, proper provision has been made for drainage, water, sewerage and capital improvements including schools, parks, recreation facilities, transportation facilities and improvements, all existing and proposed public improvements conform to the Comprehensive Plan.

2. The preliminary plat is in conformance with the Comprehensive Plan as required by Twin Falls City Code §10-12-2.3(H) (2) (a).

3. Public services are currently available to accommodate the proposed development, as required by Twin Falls City Code §10-12-2.3(H) (2) (b). Public services may not be available at the time of

development, depending upon the speed of development of this and other subdivisions and the ability of the City to obtain additional water and/or sewer capacity.

4. The development of streets, sewer, water, irrigation, dedication of park land and other public improvements at the cost of the developer will not adversely affect any capital improvement plan and will integrate with existing public facilities, as required by Twin Falls City Code §10-12-2.3(H)(2)(c).

5. There is sufficient public financial capability of supporting services for the proposed development, as required by Twin Falls City Code §10-12-2.3(H) (2) (d).

6. There are no other health, safety or environmental problems associated with the proposed development that were brought to the Commission's attention, per Twin Falls City Code §10-12-2.3(H)(2)(e).

Based on the foregoing Conclusions of Law, the Twin Falls City Planning and Zoning Commission hereby enters the following

DECISION

The request for approval of the preliminary plat of **Eastpark Professional Subdivision No. 2**, approximately **3.34 (+/-)** acres, to develop **6** lots located **on the south side of Bridgeview Boulevard and the east side of Locust Street North** is hereby granted, subject to final technical review by the City Engineer's Office and subject to the conditions which are attached as "Exhibit No. A", and incorporated by reference as though fully set forth herein. The applicant shall comply with all applicable requirements of the Adopted Standard Drawings, the Zoning Ordinance, and the City Code of the City of Twin Falls.

1. Subject to final technical review and amendments as required by Building, Engineering, Fire, and Zoning officials to ensure compliance with all applicable City Code requirements and standards.

# BEFORE THE PLANNING & ZONING COMMISSION OF THE CITY OF TWIN FALLS

In Re: )  
 )  
Special Use Permit, Application, ) FINDINGS OF FACT,  
 )  
 ) CONCLUSIONS OF LAW,  
The Tint Lady )  
c/o BDG Partners, LLC ) AND DECISION  
 Applicant(s) )

This matter having come before the Planning and Zoning Commission of the City of Twin Falls, Idaho on **January 12, 2016** for public hearing pursuant to public notice as required by law for a Special Use Permit for the purpose of **operating an automobile service business on property located at 127 Filer Avenue, Suite B,** and the Planning and Zoning Commission having heard testimony from interested parties being fully advised in the matter, now makes the following

## FINDINGS OF FACT

1. Applicant has applied for a Special Use Permit for the purpose of **operating an automobile service business on property located at 127 Filer Avenue, Suite B**
2. All legal requirements for notice of public hearing have been met with advertisement taking place on the following date: **December 24, 2015**
3. The property in question is zoned **C-1 & RB** pursuant to the Zoning Ordinance of the City of Twin Falls. The property is designated as **Residential Business** in the duly adopted Comprehensive Plan of the City of Twin Falls.

4. The existing neighboring land uses in the immediate area of this property are: to the north, **Residential**; to the south, **Filer Avenue/Vacant Undeveloped**; to the east; **Residential Business**; and to the west, **Commercial Business**.

Based on the foregoing Findings of Fact, the Planning and Zoning Commission hereby makes the following:

CONCLUSIONS OF LAW

1. The application for a Special Use Permit for the purpose of **operating an automobile service business on property located at 127 Filer Avenue, Suite B** is consistent with the purpose of the **C-1 & RB** Zone, and is not detrimental to any of the outright permitted uses or existing special uses in the area.

2. The proposed use does constitute a special use as established by zoning requirements for the zone involved as required by Twin Falls City Code 10-13-2.2(D)1.

3. The proposed use will be harmonious with and in accordance with the general objectives or with any specific objective of a comprehensive plan and/or zoning regulations as required by Twin Falls City Code 10-13-2.2(D)2

4. The proposed use will be designed, constructed, operated and maintained to be harmonious and appropriate in appearance with the existing or intended character of the general vicinity and that such use will not change the essential character of the same area as required by Twin Falls City Code 10-13-2.2(D)3.

5. The proposed use will not be hazardous or disturbing to existing or future neighboring uses as required by Twin Falls City Code 10-13-2.2(D)4.

6. The proposed use will not create excessive additional requirements at public cost for public facilities and services and will not be detrimental to the economic welfare of the community as required by Twin Falls City Code 10-13-2.2(D)6.

7. The proposed use will not involve uses, activities, processes, materials, equipment and conditions of operation that will be detrimental to any person, property or to the general welfare by reason of excessive production of traffic, noise, smoke, fumes, glare or odors as required by Twin Falls City Code 10-13-2.2(D)7.

8. The proposed use will have vehicular approaches to the property which shall be so designed as not to create an interference with traffic on surrounding public thoroughfares as required by Twin Falls City Code 10-13-2.2(D)8.

9. The proposed use will not result in the destruction, loss or damage of a natural, scenic or historic feature of major importance as required by Twin Falls City Code 10-13-2.2(D)9.

10 The proposed use is a proper use in the **C-1 & RB** Zone, subject to the conditions which are attached as "Exhibit No. A", and incorporated by reference as though fully set forth herein.

11. The application for a Special Use Permit for the purpose of **operating an automobile service business on property located at 127 Filer Avenue, Suite B** should be granted, subject to all applicable requirements of the Zoning Ordinance, Adopted Standard Drawings and City code of the City of Twin Falls, subject to the conditions which are attached as "Exhibit No. A", and incorporated by reference as though fully set forth herein.

Based on the foregoing Conclusions of Law, the Twin Falls City Planning and Zoning Commission hereby enters the following

DECISION

1. The application for a Special Use Permit for the purpose of **operating an automobile service business on property located at 127 Filer Avenue, Suite B** is hereby granted, subject to the conditions which are attached as "Exhibit No. A", and incorporated by reference as though fully set forth herein.

2. The applicant shall comply with all applicable requirements of the Adopted Standard Drawings, the Zoning Ordinance, and the City Code of the City of Twin Falls, subject to the conditions which are attached as "Exhibit No. A", and incorporated by reference as though fully set forth herein.

3. The Special Use Permit shall be issued, as presented.

# BEFORE THE PLANNING & ZONING COMMISSION OF THE CITY OF TWIN FALLS

In Re: )  
 )  
Special Use Permit, Application, ) FINDINGS OF FACT,  
 )  
 ) CONCLUSIONS OF LAW,  
JVR Investments )  
c/o James Ray Construction ) AND DECISION  
 Applicant(s) )

This matter having come before the Planning and Zoning Commission of the City of Twin Falls, Idaho on **January 12, 2016** for public hearing pursuant to public notice as required by law for a Special Use Permit for the purpose of **constructing a 1360 sq. ft. detached accessory building on property located at 2428 Blick Lane**, and the Planning and Zoning Commission having heard testimony from interested parties being fully advised in the matter, now makes the following

### FINDINGS OF FACT

1. Applicant has applied for a Special Use Permit for the purpose of **constructing a 1360 sq. ft. detached accessory building on property located at 2428 Blick Lane**
2. All legal requirements for notice of public hearing have been met with advertisement taking place on the following date: **December 24, 2015**
3. The property in question is zoned **R-2** pursuant to the Zoning Ordinance of the City of Twin Falls. The property is designated as **Medium Density Residential** in the duly adopted Comprehensive Plan of the City of Twin Falls.

4. The existing neighboring land uses in the immediate area of this property are: to the north, **Canyon Springs Road/Residential**; to the south, **Blick Lane/Residential**; to the east; **Residential**; and to the west, **Residential**.

Based on the foregoing Findings of Fact, the Planning and Zoning Commission hereby makes the following:

#### CONCLUSIONS OF LAW

1. The application for a Special Use Permit for the purpose of **constructing a 1360 sq. ft. detached accessory building on property located at 2428 Blick Lane** is consistent with the purpose of the R-2 Zone, and is not detrimental to any of the outright permitted uses or existing special uses in the area.

2. The proposed use does constitute a special use as established by zoning requirements for the zone involved as required by Twin Falls City Code 10-13-2.2(D)1.

3. The proposed use will be harmonious with and in accordance with the general objectives or with any specific objective of a comprehensive plan and/or zoning regulations as required by Twin Falls City Code 10-13-2.2(D)2

4. The proposed use will be designed, constructed, operated and maintained to be harmonious and appropriate in appearance with the existing or intended character of the general vicinity and that such use will not change the essential character of the same area as required by Twin Falls City Code 10-13-2.2(D)3.

5. The proposed use will not be hazardous or disturbing to existing or future neighboring uses as required by Twin Falls City Code 10-13-2.2(D)4.

6. The proposed use will not create excessive additional requirements at public cost for public facilities and services and will not be detrimental to the economic welfare of the community as required by Twin Falls City Code 10-13-2.2(D)6.

7. The proposed use will not involve uses, activities, processes, materials, equipment and conditions of operation that will be detrimental to any person, property or to the general welfare by reason of

excessive production of traffic, noise, smoke, fumes, glare or odors as required by Twin Falls City Code 10-13-2.2(D)7.

8. The proposed use will have vehicular approaches to the property which shall be so designed as not to create an interference with traffic on surrounding public thoroughfares as required by Twin Falls City Code 10-13-2.2(D)8.

9. The proposed use will not result in the destruction, loss or damage of a natural, scenic or historic feature of major importance as required by Twin Falls City Code 10-13-2.2(D)9.

10 The proposed use is a proper use in the **R-2** Zone, subject to the conditions which are attached as "Exhibit No. A", and incorporated by reference as though fully set forth herein.

11. The application for a Special Use Permit for the purpose of **constructing a 1360 sq. ft. detached accessory building on property located at 2428 Blick Lane** should be granted, subject to all applicable requirements of the Zoning Ordinance, Adopted Standard Drawings and City code of the City of Twin Falls, subject to the conditions which are attached as "Exhibit No. A", and incorporated by reference as though fully set forth herein.

Based on the foregoing Conclusions of Law, the Twin Falls City Planning and Zoning Commission hereby enters the following

#### DECISION

1. The application for a Special Use Permit for the purpose of **constructing a 1360 sq. ft. detached accessory building on property located at 2428 Blick Lane** is hereby granted, subject to the conditions which are attached as "Exhibit No. A", and incorporated by reference as though fully set forth herein.

2. The applicant shall comply with all applicable requirements of the Adopted Standard Drawings, the Zoning Ordinance, and the City Code of the City of Twin Falls, subject to the conditions which are attached as "Exhibit No. A", and incorporated by reference as though fully set forth herein.

3. The Special Use Permit shall be issued, as presented.

# BEFORE THE PLANNING & ZONING COMMISSION OF THE CITY OF TWIN FALLS

In Re: )  
 )  
Special Use Permit, Application, ) FINDINGS OF FACT,  
 )  
 ) CONCLUSIONS OF LAW,  
Susan Petruzzelli )  
 Applicant(s) ) AND DECISION

This matter having come before the Planning and Zoning Commission of the City of Twin Falls, Idaho on **January 12, 2016** for public hearing pursuant to public notice as required by law for a Special Use Permit for the purpose of **operating a 24 Hour Gas Station in conjunction with a retail business on property located at 303 Main Avenue East**, and the Planning and Zoning Commission having heard testimony from interested parties being fully advised in the matter, now makes the following

### FINDINGS OF FACT

1. Applicant has applied for a Special Use Permit for the purpose of **operating a 24 Hour Gas Station in conjunction with a retail business on property located at 303 Main Avenue East**
2. All legal requirements for notice of public hearing have been met with advertisement taking place on the following date: **December 24, 2015**
3. The property in question is zoned **CB P-1** pursuant to the Zoning Ordinance of the City of Twin Falls. The property is designated as **Townsite** in the duly adopted Comprehensive Plan of the City of Twin Falls.
4. The existing neighboring land uses in the immediate area of this property are: to the north, **Alley/Commercial Business**; to the south, **Main Avenue East/Commercial Business**; to the east; **Commercial Business**; and to the west, **Idaho Street East/Commercial Business**.

Based on the foregoing Findings of Fact, the Planning and Zoning Commission hereby makes the following:

CONCLUSIONS OF LAW

1. The application for a Special Use Permit for the purpose of **operating a 24 Hour Gas Station in conjunction with a retail business on property located at 303 Main Avenue East** is consistent with the purpose of the **CB P-1 Zone**, and is not detrimental to any of the outright permitted uses or existing special uses in the area.

2. The proposed use does constitute a special use as established by zoning requirements for the zone involved as required by Twin Falls City Code 10-13-2.2(D)1.

3. The proposed use will be harmonious with and in accordance with the general objectives or with any specific objective of a comprehensive plan and/or zoning regulations as required by Twin Falls City Code 10-13-2.2(D)2

4. The proposed use will be designed, constructed, operated and maintained to be harmonious and appropriate in appearance with the existing or intended character of the general vicinity and that such use will not change the essential character of the same area as required by Twin Falls City Code 10-13-2.2(D)3.

5. The proposed use will not be hazardous or disturbing to existing or future neighboring uses as required by Twin Falls City Code 10-13-2.2(D)4.

6. The proposed use will not create excessive additional requirements at public cost for public facilities and services and will not be detrimental to the economic welfare of the community as required by Twin Falls City Code 10-13-2.2(D)6.

7. The proposed use will not involve uses, activities, processes, materials, equipment and conditions of operation that will be detrimental to any person, property or to the general welfare by reason of

excessive production of traffic, noise, smoke, fumes, glare or odors as required by Twin Falls City Code 10-13-2.2(D)7.

8. The proposed use will have vehicular approaches to the property which shall be so designed as not to create an interference with traffic on surrounding public thoroughfares as required by Twin Falls City Code 10-13-2.2(D)8.

9. The proposed use will not result in the destruction, loss or damage of a natural, scenic or historic feature of major importance as required by Twin Falls City Code 10-13-2.2(D)9.

10 The proposed use is a proper use in the **CB P-1** Zone, subject to the conditions which are attached as "Exhibit No. A", and incorporated by reference as though fully set forth herein.

11. The application for a Special Use Permit for the purpose of **operating a 24 Hour Gas Station in conjunction with a retail business on property located at 303 Main Avenue East** should be granted, subject to all applicable requirements of the Zoning Ordinance, Adopted Standard Drawings and City code of the City of Twin Falls, subject to the conditions which are attached as "Exhibit No. A", and incorporated by reference as though fully set forth herein.

Based on the foregoing Conclusions of Law, the Twin Falls City Planning and Zoning Commission hereby enters the following

#### DECISION

1. The application for a Special Use Permit for the purpose of **operating a 24 Hour Gas Station in conjunction with a retail business on property located at 303 Main Avenue East** is hereby granted, as present, subject to the conditions which are attached as "Exhibit No. A", and incorporated by reference as though fully set forth herein.

2. The applicant shall comply with all applicable requirements of the Adopted Standard Drawings, the Zoning Ordinance, and the City Code of the City of Twin Falls, subject to the conditions which are attached as "Exhibit No. A", and incorporated by reference as though fully set forth herein.

3. The Special Use Permit shall be issued, as presented.

Public Hearing: **TUESDAY, January 26, 2016**

To: Planning & Zoning Commission

From: Jonathan Spendlove – Planner I

## AGENDA ITEM IV-1

**Request:** Request for a **Special Use Permit** to establish and operate a used automobile sales lot located at 607 Blue Lakes Boulevard North. Kenneth Kuntz (app. 2764)

**Time Estimate:**

The applicant's presentation may take up to ten (10) minutes. Staff presentation will be approximately five (5) minutes.

**Background:**

<b>Applicant:</b>	<b>Status:</b> Lease	<b>Size:</b> 0.19 Acre Lot; 575 SF Building
Kenneth Kuntz 1037 Arrow Wood Ct Twin Falls, ID 83301 208-733-1871 <a href="mailto:Ken941970@hotmail.com">Ken941970@hotmail.com</a>	<b>Current Zoning:</b> C-1, Commercial Highway	<b>Requested Zoning:</b> SUP to operate a retail vehicle sales lot
	<b>Comprehensive Plan:</b> Commercial/Retail	<b>Lot Count:</b> 1 Lot
	<b>Existing Land Use:</b> Payday/Title Loan	<b>Proposed Land Use:</b> Retail Vehicle sales lot
<b>Representative:</b>	<b>Zoning Designations &amp; Surrounding Land Use(s)</b>	
	<b>North:</b> C-1, Commercial/Business	<b>East:</b> Blue Lakes Blvd N; C-1, Commercial/Business
	<b>South:</b> C-1, Commercial/Business	<b>West:</b> R-2, Residential
	<b>Applicable Regulations:</b> 10-1-4, 10-1-5, 10-4-8, 10-10, 10-11-1 thru 8, 10-13	

**Approval Process:**

The Special Use Permit process requires a public hearing to be held in which interested persons have the opportunity to be heard with regards to the application.

Within thirty (30) days after the public hearing, the Commission shall approve, conditionally approve, or disapprove the application as presented during the hearing. If conditions are placed on the permit, the Administrator shall issue a special use permit listing the specific conditions specified by the Commission for approval. Conditions shall be implemented within 6 months or the permit if void.

If an applicant or interested party appeals the decision of the Commission with fifteen (15) days from the date of action (when the Findings of Fact are signed), the City Council shall set a hearing date to consider all information, testimony and minutes of the previous hearing to reach a decision on the appeal.

**Budget Impact:**

Approval of this request will have no impact on the City budget as the property is not within City Limits.

## **Regulatory Impact:**

Approval of this request will allow the applicant to proceed with the process to establish a Retail Vehicle Sales Lot.

A special use permit is for zoning purposes only. Other permits such as sign, building, electrical or plumbing permits, etc. may be required. All facilities must comply with all Building and Fire Code Regulations.

## **History:**

In 2003, Special Use Permit 819 was issued for a Coffee Shop to operate a Drive-thru window. There were conditions placed on that permit. However, the use changed in 2007-2008 when a larger modular building was placed on the lot to accommodate a Pay Day Loan business. No further zoning or building history is known at this time.

## **Analysis:**

The Applicant has supplied a narrative detailing the operation of his particular car sales business. The applicant plans to employ 2 additional people, operate within normal business hours, and expand the car sales business to include title loans in the future. The applicant also states they will not have a mechanic shop on-site, and no increase in noise, glare, odor, fumes or vibrations will occur.

**Per City Code 10-4-8:** The C-1 Commercial Highway Zoning District requires automobile and truck sales and/or rentals businesses to acquire a Special Use Permit prior to being legally established.

During the Special Use permit process the Commission should look at all impacts the proposed land use will incur on the surrounding area.

**Per City Code 10-10:** The retail use of an automobile sales site has a parking requirement of one (1) parking space per five hundred (500) square feet of the associated structure. The building is listed at approximately 575 square feet, which equals two (2) parking spaces. The applicants' site plan shows that number being exceeded. However, the commission may wish to evaluate the land use described by the applicant for any parking issues that could cause impacts to the area and address those appropriately.

**Per City Code 10-11-1 thru 8:** Required improvements include streets, water and sewer, drainage and storm water. These required improvements would be evaluated and all applicable code requirements will be enforced at the time of building permit submittal. However, we do not anticipate a building permit being submitted for this project. As a result, the commission may wish to evaluate this project for any improvements it feels are necessary to mitigate any impacts that could occur.

**Possible Impacts:** Retail Vehicle Sales lots can have impacts on neighboring properties. Due to the limited space on this property, the inventory for this business will not be excessive. As a result, the impacts that typically cause issues will most likely be minimal.

Staff does not foresee excessive negative impacts associated with the proposed operation of a vehicle sales lot on this particular property.

**Conclusion:**

Should the Commission grant this request as presented; staff recommends approval be subject to the following conditions:

1. Subject to the site plan amendments as required by Building, Engineering, Fire, and Zoning Officials to ensure compliance with applicable City Code Requirements and Standards.
2. Subject to the screening fence on the West side of the property being maintained in good repair.
3. Subject to no audio or announcement system being utilized on this property.

1. Letter of request
2. Zoning Vicinity Map
3. Aerial Photo Map
4. Applicant Submitted Site Plan
5. Site Photos

## Detailed Written Statement

We are looking to get a special use permit for a used car lot and eventually a title loan business to go with the car lot.

Our hours of operation will be from 8:00 am to 5:00 pm Monday through Saturday

We hope to catch traffic from bluelakes blvd and anticipate a moderate amount of traffic due to the size of the lot. We will look to employ a couple of twin falls residents to run the day by day operations along beside ourselves.

There should be No effects of noise, glare, odor ,fumes for this operation because we will not be a mechanic shop we will be strictly a used car lot and eventually title loan facility. There will be No loud music and our hours of operation are day time hours.

We have enclosed a copy of our lease agreement with prime property llc , who also owns the building next to lot, and they are aware of what the business model is and are in agreement to have on their property as stated in the lease agreement.

Please feel free to contact me with any other questions or concerns.

Sincerely

Kenneth Kuntz

 From: Jonathan Spendlove, Planner I

## AGENDA ITEM IV-2

**Request:** Request for the Commission’s recommendation on a **Zoning Title Amendment** to add “Theater - Outdoor” in the Old Town Zoning District 10-4-13.2(B)6 as allowed by Special Use Permit and to modify Title 10-2-1 the definition of Theater, Outdoor Drive-in. c/o Mark Gallegos (app. 2765)

**Time Estimate:**

The applicant’s presentation may take up to ten (10) minutes. Staff presentation will be approximately five (5) minutes.

**Background:**

<b>Applicant:</b>	
Mark Gallegos 2587 East Patriot Drive Eagle Mountain, UT 84005	<b>Requested Zoning:</b> Amendment to Twin Falls City Code –Title 10- Chapter 2 and Chapter 4- Section 13.2
<b>Representative:</b>	
	<b>Applicable Regulations:</b> 10-2-1, 10-4-13.2, 10-14-1 through 7,

**Approval Process:**

All procedures will follow the process as described in TF City Code 10-14: Zoning Amendments.

Zoning Title Amendments, which consist of text or map revisions, require a public hearing before the Planning Commission. Following the public hearing, the Commission may forward the amendment with its recommendation to the City Council. Any material change by the Commission from what was presented during the public hearing will require an additional hearing prior to the Commission forwarding its recommendation to the Council.

After the Council receives a recommendation from the Commission, a public hearing shall be scheduled where the Council may grant, grant with changes, or deny the Zoning Title Amendment. In any event the Council shall specify the regulations and standards used in evaluating the Zoning Amendment, and the reasons for approval or denial.

In the event the Council shall approve an amendment, such amendment shall thereafter be made a part of the Title upon the passage and publication of an ordinance.

## Regulatory Impact:

A recommendation from the Planning and Zoning Commission on the proposed Zoning Title Amendment will allow the request to proceed to the City Council.

## History:

The City Council approved Ordinance 2012 on July 6, 1981 which replaced Twin Falls City Code - Title 10; Zoning & Subdivision Regulations in its entirety. Title 10 has had many amendments over the years

This request was initiated by Mark Gallegos, on behalf of Rock Canyon Amphitheater. The Amphitheater Park was built by Mark and Curt Gallegos in 2014-2015. Since the beginning of this project, the applicants have expressed a desire to be a permanent event center/theater. Due to time constraints, they applied for the first year of concerts and performances via a Special Event Permit. The City Council approved the permit on June 22, 2015. The permit listed 8 events to take place in July, August and September. Part of the approval for the special events required a follow-up to the Council to report any issues.

On July 27, the City Council received an update from the Police Department regarding the concert series. The report stated no complaints had been filed and the car and pedestrian traffic had no issues. The remaining concerts were approved to take place by the Council.

Rock Canyon Amphitheater is now looking to expand the type of events held at the location, while allowing themselves to be flexible with their event scheduling and become a permanent use.

## Analysis:

The proposed amendment modifies two sections. The amendment would modify the definition found in **City Code 10-2-1: Theater – Outdoor Drive-In**, and add a new "Use" in **City Code 10-4-13: OT, Old Town District: Use Regulations: Special Uses: "Theater - Outdoor."**

### ***Possible Impacts:***

*This amendment would modify the definition as follows:*

"THEATER, OUTDOOR ~~DRIVE-IN~~: An open developed lot or part thereof, with its appurtenant facilities, devoted primarily to the showing of moving pictures, ~~or~~ theatrical or musical productions/concerts, on a paid admission basis, to patrons seated in automobiles or on outdoor seats."

*The amendment would also allow outdoor theaters to apply for a Special Use Permit to operate in the OT Zone. This would still allow for local governmental oversight and public input to take place in the design and operations of the theater.*

*Currently, the "Theater - Outdoor" use is a Special Use in the CB, C-1, CM, M-1 and M-2 Zoning districts. The addition of this use to the OT Zoning District as a Special Use will help mitigate potential negative impacts due to the Public Hearing process required. Potential interested parties will be notified via City Code requirements, and public comment will be allowed on the operation and development of the outdoor theater. This will also provide potentially affected citizens a process to have the "Special Use" reviewed for nuisances, or other currently unforeseen negative impacts.*

*Staff concurs with the amendments as proposed by the applicant.*

**Conclusion:**

The Commission may recommend to the City Council that the amendment be granted as requested, or it may recommend a modification of the amendment requested (will require another public hearing before the Commission), or it may recommend that the amendment be denied.

1. Narrative & Proposed Amendment

**City of Twin Falls Community Development Services**

**Zoning Title Amendment Request**

December 12, 2015

From Rock Canyon Amphitheater:

Owners: Mark Gallegos, Curt Gallegos and Alan Moss

We, the owners of Rock Canyon Amphitheater in Twin Falls, Idaho are requesting to be able to do special events at our venue. We would like to provide the community with concerts, entertainment and special events.

We believe that we can be an asset to the community of Twin Falls and the surrounding areas by offering a place to gather and enjoy an entertaining show and an evening out.

We grew in up in the area and feel that we will be filling a void by providing a safe and comfortable place for people to come and enjoy themselves. We have received very positive feedback from the shows that we have done so far and would like to see that continue to grow and develop.

---

We are seeking a code change by adding the a use to the following section:

*Old Town Zoning District 10-4-13.2*

*(B) Special Uses*

*6. Public Assembly*

*Theaters - Outdoor*
