Jackie Fields stated that today the commission members were invited to accompany her on a "field trip" to the new Rock Creek Elementary School so that they would have a better picture of the bus and parent pick-up/drop-off loops that were in place at this time. She described the location of the traffic loops, but since one present at the meeting had a map she believed that being on-site would help the commission know if any adjustments or changes should be made to the configuration of the loops.
