**III. ITEMS OF DISCUSSION:**

1. Mitch Humble Deputy City Manager will present funding options.
2. Mitch Humble Deputy City Manager will present a discussion of City's Trail Plan

**Deputy City Manager Humble gave a brief presentation on the trail development program, he discussed the hike and bike trails which show a marked proposed shared use path. He also discussed some of the other shared use paths that are marked within the city of Twin Falls. A shared use path is what they have proposed for Canyon Springs Road. Humble also explained to the committee that we have posted a request for qualifications to get a transportation consultant on board to prepare an update to our transportation master plan. This will take a year to get a final plan in place.**

**The committee also discussed the funding options available for capital investments by cities in Idaho, and also about the cities bike and trail plans. All of this is being updated in the transportation mater plan.**

**The committee then discussed the costs assigned to improving the Canyon Springs Grade be segregated between the cost of road improvements, slope stabilization and the pedestrian and bike facilities. They also asked for a feasibility assessment and cost estimate for providing an alternate bike/pedestrian path down into the canyon in the general area of Auger Falls, which is west of the current road access.**

**The staff felt that the work that they were requesting from JUB would take longer than a month to develop a credible analysis of the options. They discussed cancelling next month's meeting on July 21<sup>st</sup> in order to give JUB sufficient time to come up with some numbers.**

**IV. PUBLIC INPUT AND/OR ITEMS FROM THE COMMISSION/THE PUBLIC/CITY STAFF**
